April
2012

With members first, SAFCU succeeds-not just survives

New Products and Services

If you missed the credit union's annual meeting, you missed an evening of fun and fellowship. A special play area was available for children while the adults elected **Joe Hunt** and **Les Bird** to the Board of Directors to serve 3 year terms and celebrated door prize drawings. The big news was that **Mobile Banking and Money Desktop** would be rolled out very soon. Mobile banking will enable members to use a smart phone to perform the same functions available with online banking. Money Desktop will be available on the SAFCU website and is a financial tool allowing you to manage all of your finances in one place, for example tracking expenses, checking balances, setting up budgets and managing debt. There is a short video clip about Money Desktop on the SAFCU website right now (www.safcu.com). Of course, when these new features become available, the SAFCU staff will help you with any questions you have. We have a bright future ahead this year!

HAPPY EASTER
